AFTER FIVE YEARS.

Winthrop Child Was Restored to Health by Vinol.

"Five years ago our little girl had a severe attack of diphtheria which left her subject to bronchitis and stomach trouble. She has been almost constantly under medical treatment. I have also tried two or three remedies containing cod liver oil but found her stomach rebelled against the oil. Reading your description of Vinol I decided to try it and did so with most astonishing results. I cannot begin to tell you how she has improved because you do not know what a little sufferer she was for five years. She has gained ten pounds since she commenced to take Vinol, and the story of what Vinol has done for her is only half told in this letter." Mrs. Adelaide Mulloy, Winthrop, Mass.

Vinol contains all the healing curative properties of cod liver oil, without the oil and tonic added. That is why it has cured this little girl after other remedies had failed.

We ask mothers of weak, sickly children to try Vinol on our offer to give back your money if it fails to help them.

P. S. Our Sazo Salve is truly wonderful for Eczema. We guarantee it. Paul G. Schuh & Sons, Druggists, Cairo, Ill.—Adv.

GOTHAM ELEVATED TRAINS IN CRASH

Policeman Meets Death in Heroic Effort to Aid Injured Victims.

New York, Jan. 25.—One man was killed and thirty injured when late this afternoon a spectacular rear end collision occurred between two south bound Third avenue elevated trains. Both trains caught fire and for a while it was feared they would topple into the street. The injured were taken out with difficulty. The first victims to extricate themselves hurried to the nearest station on the ties, carrying the injured with them.

The person killed is supposed to be Police Officer Gleason, of the New York force. His pistol and billy along with fragments of his uniform were found near his body in the wreckage.

The railroad officials believe the policeman died while performing his duty. He went to the aid of the injured passengers and in trying to help them he probably stepped on the third rail and was electrocuted. Part of his clothing was burned from his body as well as the soles of his feet.

PRINCIPLE OF CONVENTION.

Washington, Jan. 24.—Recommendations in favor of several amendments to the Sherman anti-trust law were practically decided upon today at an executive meeting of the Senate Interstate Commerce Committee, held to discuss a report on the hearings during 1911 and 1912.

The committee took no positive action beyond requesting Senator Cummings, of Iowa, to prepare its report, but the discussion among the senators present indicated that the members were in substantial agreement for an amendment looking to the maintenance of the principle of competition rather than the regulation of monopoly, as was strongly favored by many financiers and business men who gave testimony. There also appeared practically a unanimous opinion in support of the contention that the present law, as a whole should not be disturbed, but that changes should be in the form of supplemental action to strengthen the original intent of the law, which is interpreted as meaning that all combinations interfering with competition should be held to be illegal. Differences of opinion arose in connection with the discussion of the supreme court's interpretation to the effect that the word "reasonable" should be considered in the law. Some members were opposed to that. It is expected that Senator Cummings's report will be presented at a meeting about a week.

NATURE'S REMEDIES

FOR DISEASE.

Every Fall in olden times the family medicine chest was replenished with roots, herbs and barks, nature's remedies for disease. Scallop for nervousness, Pennyroyal for colds, Clover Blossoms for the blood, Thoroughwort for colds, Wormwood and Balm of Gilead Buds for sprains, and so on. It is interesting to note that the most successful remedy for female ills the world has ever known had its origin nearly forty years ago from roots and herbs and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from these same roots and herbs with extreme accuracy, care and cleanliness. The standard remedy for female ills.

DON'T STAY GRAY! SAGE TEA WILL DARKEN YOUR HAIR BEAUTIFULLY

A Mixture of Sage and Sulphur Prevents Dandruff and Falling Hair.

When you darken your hair with Sage Tea and Sulphur no one can tell, because its done so naturally; so evenly. It is also splendid to remove dandruff, cure itching scalp and stop falling hair.

Preparing this mixture, though, at home is a messy and troublesome task. For about 60 cents a bottle you can buy at any drug store the ready-to-use tonic called, "Wyeth's Sage and Sulphur Hair Remedy." Some druggists put this mixture up themselves but make it too sticky, so insist you want "Wyeth's" then

there will be no disappointment.

You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. Do this at night and by morning all gray hair disappears and after another application or two becomes beautifully darkened and more glossy and luxuriant than ever. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and you'll look years younger. Inquiry shows all pharmacists in town here sell lots of it.—Adv.
